

EU Data Act

Notice Regarding Compliance with the EU Data Act

In accordance with the EU Data Act (Regulation 2023/2854), we are providing the following information to customers using our data loggers.

1. The type, format and estimated volume of product data which our product is capable of generating

Data	Format	Applicable models
Recorded Data	GBD, CSV	GL7000, GL2000, GL980, GL860, GL260
Image Data	BMP, PNG	Same as above
Main Unit Setting Data (Operation, Communication Settings)	CND, NCD	Same as above
Log Data (Communication Logs, Alarm History)	pcap, log, GAH	GL860, GL260

Estimated Volume of Product Data: Varies depending on model and configuration.

2. Whether our product is capable of generating data continuously and in real-time

Data is generated during processes such as product startup, recording, and communication.

3. Whether our product is capable of storing data

Data can be stored on the product's internal storage or on a remote server.

4. How the user may access, retrieve or erase the data

Data can be retrieved or deleted via Ethernet or USB communication. It is possible to extract data from the logger by using an SD card or USB memory device. Data can also be deleted by operating the logger. The types of memory and methods for data retrieval vary depending on the model. Please refer to the respective instruction manuals for details.
